

# MONART

## DRAWING FOR KIDS

### WHAT IS MONART?

**MONART is MORE than just creating art!**

Monart is an educational drawing method developed through grant funding from Pepperdine University in 1979. Monart teaches your child fundamental drawing skills that last a lifetime, while helping them develop their focus, fine motor skill, hand-eye coordination, problem solving and self-confidence in a fun and non-competitive environment. With the MONART Drawing Method, your child will show clear progress over time and learn techniques they can use outside the classroom!

### SESSION 1: CARTOON DRAWING

*Examples: Garfield, Peanuts, Disney, Looney Toons, Comics, etc.*

With the Monart Drawing method, children will learn how to draw several timeless cartoon characters from TV, movies and comics. We will focus on cartoon proportion and gesture. Each week a fact sheet will come home accompanying a completed drawing.

**Cost: \$144.00 (for 8 weeks) *\*(see below!)***

**Dates: Monday, Oct- 2, 9, 16, 23, 30, Nov- 6, 13, 27**
