

# MONART

## DRAWING FOR KIDS

### WHAT IS MONART?

#### MONART is MORE than just creating art!

Monart is an educational drawing method developed through grant funding from Pepperdine University in 1979. Monart teaches your child fundamental drawing skills that last a lifetime, while helping them develop their focus, fine motor skill, hand-eye coordination, problem solving and self-confidence in a fun and non-competitive environment. With the MONART Drawing Method, your child will show clear progress over time and learn techniques they can use outside the classroom!

### SESSION 3: ALL ABOUT PETS!

#### Examples: Dogs, Cats, Birds, Bunnies, Horses, Lizards and more!

In this class students will learn how to draw a variety of pets using the Monart drawing method. Our non-competitive environment will encourage young artists of all skill levels and promote success! Students will work with various mediums such as watercolor, oil pastels, colored pencils and more. Each week a fact sheet will accompany a completed drawing.

Cost: \$153.00 (for 9 weeks) *\*(see below!)*
